List of tables and fields

Annual Checklist Exchange Format ver. 1, 4th August 2008

The Catalogue of Life is interested in all data defined in our Standard Dataset document. The table below lists the fields required for the Annual Checklist.

Table Number	Table Name	Field Names
1	Accepted Names	1　ID 2　Kingdom (if available in your database) 3　Phylum (if available in your database) 4　Class (if available in your database) 5　Order (if available in your database) 6　SuperFamilyName (if available in your database) 7　Family 8　Genus 9　Species 10　AuthorString 11　InfraSpecies 12　InfraSpMarker 13　InfraSpecificAuthorString 14　GSDNameStatus 15　Sp2000NameStatus 16　Distribution 17　OccurrenceStatus 18　AdditionalData 19　Specialist 20　ScrutinyDate 21　SpeciesURL
2	Synonyms	1　ID 2　AcceptedName_ID 3　Genus 4　Species 5　AuthorString 6　InfraSpecies 7　InfraSpMarker 8　InfraSpecificAuthorString 9　GSDNameStatus 10　Sp2000NameStatus
3	Common Names	1　ID 2　CommonName 3　Country 4　Language 5　ReferenceID
4	Reference(s)	1　ReferenceID 2　Author(s) 3　Year 4　Title 5　Details
5	Scientific Name References	1　ID 2　Reference Type 3　ReferenceID

6	Source Database	1 TaxonomicCoverage
		2 DatabaseShortName
		3 DatabaseFullName
		4 DatabaseVersion
		5 ReleaseDate
		6 HomeURL
		7 SearchURL
		8 LogoURL
		9 StandardAbstract
		10 Custodian
		11 Author(s)/Editor(s)

Please send us data in any of the following Species 2000 workable data formats (examples of which can be found here):

- Delimited text
- MS Excel
- MS Access and MS Access supported formats
- MS SQL
- MySQL
- Open Office

Files should be archived as ZIP, GZip or RAR files to reduce their size prior to sending. Files should be sent via email (if less than 5Mb) or CD-ROM to the Species 2000 Secretariat. Alternatively if you have access to an FTP server please email the Secretariat the URL and login information if applicable.
